## **INTRODUCTORY SECTION**

**THIS PAGE LEFT BLANK INTENTIONALLY**

October 1 , 2025

Citizens, Honorable Mayor, and Members of the City Council  
City of Glenn Heights  
Glenn Heights, Texas

The Finance Department is pleased to submit the Annual Comprehensive Financial Report of the City of Glenn Heights, Texas for the fiscal year ended September 30, 2024. This report was prepared through the cooperative efforts of the Finance Department and the City’s independent auditor. It is published to provide the City Council, staff, citizens, bondholders, and other interested parties with detailed information concerning the financial condition and activities of the City government.

Responsibility for both the accuracy of the data and completeness and fairness of the presentation rests with the City. We believe the data, as presented, is accurate in all material respects. It is presented in a manner designed to fairly set forth the financial position and results of operations of the City as measured by the financial activity of its various funds; all disclosures necessary have been included to enable the reader to gain the maximum understanding of the City’s financial affairs.

Management’s discussion and analysis (MD&A) begins on page 4 and provides a narrative introduction, overview, and analysis of the City’s basic financial statements. The MD&A also provides readers with management’s viewpoint of the City’s financial performance and should be read in conjunction with the financial statements.

## **CITY PROFILE**

The City of Glenn Heights, Texas, a predominately residential community situated in Dallas and Ellis Counties, is a Texas municipality that incorporated in 1969 to operate as a general law city and currently operates as a home rule city. The City lies at the hub of Interstate 35E and Texas Farm-To-Market Road 664 (Ovilla Road). Glenn Heights is a short drive from downtown Dallas and has an estimated population of 19,752 residents. The City operates under a council-manager form of government. The Council is comprised of seven officials including a Mayor and six Council Members.

## **THE REPORTING ENTITY AND ITS SERVICES**

Generally accepted accounting principles require that basic financial statements represent the City (the primary government) and its component units. The Council has the authority to enact legislature, appoint the City Manager, and significantly influence operations. It also has the primary accountability for fiscal matters. Therefore, the City is a financial reporting entity as defined by the Government Accounting Standards Board (GASB) in its Statement No. 14, “The Financial Reporting Entity.” The City is regulated

by the Code of State Statutes of the State of Texas and is authorized to perform the following services: public safety (police and fire), development services (public works, planning, and inspections), economic development, recreational services, sanitation, water and sewer utilities, storm drainage and general administrative services.

## **ECONOMIC OUTLOOK AND FINANCIAL CONDITION**

The information presented in the financial statements should be viewed within the context of the specific environment in which the City operates.

The economic outlook for the City of Glenn Heights includes projections for future land use that will guide the development of specific areas in the community, aligning with the objectives of the new comprehensive plan. This plan emphasizes preferred development strategies that will shape the community's landscape according to anticipated land use needs.

Glenn Heights is experiencing a housing boom that's transforming the city into one of the fastest-growing communities in Dallas and Ellis counties. Fueled by multiple new subdivision developments, taxable property values have surged by 33%, with new homes starting at \$450,000 attracting a wave of young families to this vibrant 7.1-square-mile suburb. Among the standout residential projects are Stewart Farms, where Ashton Woods has begun grading work at W Bear Creek Road & S Westmoreland Road, and Valencia Estates (formerly Paradise Estates), located at the southeast corner of Westmoreland Road and W Bear Creek Road. These developments are part of a broader annexation effort expanding the city's southern boundary. As a result of this rapid growth, the average residential market value has climbed 14.9% in just one year, underscoring the city's rising appeal and strong economic momentum.

In conjunction with ongoing housing developments, the City has initiated a plan for higher-density developments aimed at attracting more retail establishments to the area. Furthermore, the vision includes plans for additional usable open spaces that connect pedestrians with local businesses and parks. The concept of mixed-use developments, incorporating multi-family residential buildings alongside neighborhood retail and open space amenities, aligns with the overall vision for future land use.

The City of Glenn Heights has seen a remarkable 15.4% surge in property tax revenue, driven by rising taxable property values. This upward trend not only reflects the city's rapid growth but also strengthens its financial foundation—empowering Glenn Heights to meet the increasing demand for public services and maintain a high quality of life for its residents.

In a bold move to position Glenn Heights as a key player in the tech-driven economy, the City Council approved a major zoning change in 2024 to accommodate a state-of-the-art data center and electrical substation. With the Dallas/Fort Worth region emerging as a national hotspot for data centers, this development is expected to inject an impressive \$2 billion into the City's property tax base. Meanwhile, commercial growth is accelerating along the IH 35E corridor and Farm-to-Market 664 (Ovilla Road), bringing new businesses and opportunities to the area. One of the most transformative projects underway

is the IH 35E at Bear Creek Road Improvements Project, a partnership with TxDOT designed to ease traffic congestion and improve connectivity. Together, these initiatives are not only reshaping the city's infrastructure but also enhancing the quality of life for Glenn Heights residents.

As Glenn Heights continues to expand with new housing developments and a growing focus on higher-density and retail projects, the demand for public services is rising in tandem. With the population projected to reach 30,000 by the next census, the City faces the challenge of maintaining service levels amid increasing costs. Currently, property taxes account for 58.9% of the general fund revenue, making diversification of revenue sources a critical priority. To reduce reliance on property taxes, the City is pursuing a commercially driven strategy—encouraging retail growth to boost sales tax revenue and streamlining processes for permits and licenses. This proactive approach will help ensure long-term financial sustainability while supporting the infrastructure and services needed for a thriving, fast-growing community.

## **THE CITY**

The City's ability to diversify and expand its tax revenue base will play a pivotal role in shaping Glenn Heights' economic outlook for both the current and future fiscal years. One of the key challenges lies in identifying new and sustainable funding sources. For example, one cent of the City's sales tax is earmarked for mass public transportation initiatives, such as Dallas Area Rapid Transit (DART), which limits the availability of funds for other essential service programs. This constraint highlights the importance of long-term financial planning to support the City's goals for economic development and infrastructure sustainability. By exploring innovative revenue strategies and strengthening partnerships, Glenn Heights can better position itself to meet the evolving needs of its growing community.

To address these challenges, the City of Glenn Heights is strengthening its partnerships to support smart growth and sustainable development. A key collaboration with Dallas Area Rapid Transit (DART) will help coordinate future developments that not only boost commercial activity but also enhance public transportation options for residents. In addition, the City is working closely with the DeSoto and Red Oak school districts to deliver high-quality services that benefit both students and the broader community. These partnerships are vital to aligning infrastructure improvements with population growth, ensuring Glenn Heights remains a well-connected and thriving place to live.

These quality services are designed to leverage future developments as revenue-generating opportunities—funding the construction of new parks, the development of scenic linear trails, street reconstruction, and the upkeep of vital utility systems. By increasing revenue through strategic growth, the City can allocate resources more effectively to key infrastructure projects, reducing reliance on debt and ensuring long-term financial resilience.

The City of Glenn Heights maintains strong financial health, with sufficient cash reserves and unassigned fund balances in both its general and utility funds. These unrestricted net assets ensure compliance with the City's comprehensive fund balance policy while supporting the delivery of high-quality services to residents.

This solid fiscal foundation positions the City to respond effectively to future growth and infrastructure needs.

Overall, the City's financial outlook remains stable, with general conditions projected to continue meeting fund reserve requirements. Primary revenue sources are showing modest yet steady growth, reinforcing the City's ability to maintain fiscal discipline while supporting essential services and infrastructure investments.

### **ACCOUNTING SYSTEM AND BUDGETARY CONTROL**

The City's accounting records for general governmental operations are maintained on a modified accrual basis, with the revenues being recorded when available and measurable. Expenditures are recorded when the services or goods are received, and the liabilities are incurred. Accounting records for the City's proprietary funds are budgeted and maintained on this same basis of accounting for management purposes and converted to full accrual accounting for external reporting purposes.

In developing and maintaining the City's accounting system, consideration is given to the adequacy of the internal control structure. The internal control structure is designed to provide reasonable, but not absolute assurance regarding the safeguarding of assets against loss from unauthorized use or disposition. Internal controls also ensure the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of the control should not exceed the benefits likely to be derived; the evaluation of cost and benefits requires estimates and judgments by management. We believe the City's internal control structure is developing and will continue to be improved upon.

The budgetary process begins each year with the preparation of revenue estimates by the City's Department of Finance and expenditure estimates by each City department. Estimates are reviewed by the City Manager and evaluated within the total financial framework. Budget proposals are then recommended by the City Manager and reviewed extensively by the City Council, in a process that includes public hearings. Throughout the process, the City Council may make changes as deemed appropriate. The budget is then adopted by ordinance, as well as the City's ad valorem tax rate. All the City's governmental funds, as well as enterprise funds (water and sewer, and drainage), are included in the annual budgetary process.

The objective of budgetary controls is to ensure compliance with legal provisions embodied in the annual budget adopted by the City Council. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amounts) is established at the fund level. Department Directors are authorized to transfer budgeted expenditures between line items within their respective departments while the City Manager is authorized to transfer budgeted expenditures between departments within a City fund. However, any revisions that alter total expenditures of a City fund must be approved by the City Council.

## **AUDIT**

The City Charter requires an annual audit of the books of accounts, financial records and transactions of all departments of the City by independent certified public accountants selected and engaged by the City Council.

## **CONCLUSION**

The preparation of this report could not be accomplished without the dedicated services of the City's auditors, City Management, and staff of the City's Finance Department. The Finance staff has worked with great effort to ensure the accuracy of this report.

Respectfully submitted,

*Sherry Roberts*

## INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members  
of the City Council and Citizens  
City of Glenn Heights, Texas

### Report on the Financial Statements

#### Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Glenn Heights, Texas (the "City"), as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of September 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement due date, including any currently known information that may raise substantial doubt shortly thereafter.

### OFFICE LOCATIONS

TEXAS | Waco | Temple | Hillsboro | Houston  
NEW MEXICO | Albuquerque

## ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and pension and OPEB information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The supplemental schedules as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### **Other Information**

Management is responsible for the other information included in the annual comprehensive financial report (ACFR). The other information comprises the introductory section and statistical section but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated October 1, 2025, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

*Pattillo, Brown & Hill, L.L.P.*

Waco, Texas

**THIS PAGE LEFT BLANK INTENTIONALLY**

**MANAGEMENT'S DISCUSSION  
AND ANALYSIS**

**THIS PAGE LEFT BLANK INTENTIONALLY**

## Management's Discussion and Analysis

As management of the City of Glenn Heights, Texas we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City. We encourage the readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal.

### FINANCIAL HIGHLIGHTS

- For the fiscal year ended September 30, 2024, the City's assets and deferred outflows exceeded its liabilities and deferred inflows by \$64,090,348 (net position). Of this amount, \$22,214,112 (or 34.7%) was unrestricted.
- For the fiscal year ended September 30, 2024, net position increased by \$8,270,614. In fiscal year 2023 the increase was \$3,727,167. The increase in fiscal year 2024 is primarily due to increased revenue for charges for services, property taxes and sales taxes.
- At fiscal year-end, the City's governmental funds reported combined ending fund balances of \$23,204,805, of which \$10,754,789 (or 46.3%) was available for spending at the City's discretion (unassigned and assigned).
- The City's long-term liabilities decreased by \$1,202,813. This decrease is the result of annual debt service payments.

### OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts—*management's discussion and analysis* (this section), the *basic financial statements*, and *required supplementary information*. The basic financial statements include two types of statements that present different views of the City:

- The first two statements are *government-wide financial statements* that provide both *long-term* and *short-term* information about the City's *overall* financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the government, reporting the City's operations in *more detail* than the government-wide statements.
- *Governmental fund* statements tell how *general government* services were financed in the *short term* as well as what remains for future spending.
- The financial statements also include *notes to the financial statements* explaining some of the information in the financial statements and provide more detailed data.
- The report also contains other supplementary information in addition to the basic financial statements themselves.

The remainder of this overview explains the structure and contents of each of the statements.

### Government-wide Financial Statements

The government-wide financial statements report information about the City as a whole using accounting methods similar to those used by private-sector businesses. The statement of net position includes *all* of the government's assets and liabilities. In the statement of activities, all of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid, and all of the City's *governmental activities* and City services are combined and show how they are financed.

Both government-wide statements report the City's *net position* and how it has changed. Net position, the difference between the City's assets, deferred outflows of resources, and liabilities and deferred inflows of resources, is one way to measure the City's financial health or position. Over time, increases or decreases in the City's net position are an indicator of whether its financial health is improving or deteriorating, respectively.

**Fund Financial Statements**

The fund financial statements provide more detailed information about the City’s most significant (major) *funds*—not the City as a whole. Funds are accounting devices that the City uses to keep track of specific revenue sources and spending for particular purposes.

- *Governmental fund*—The City’s basic services are included in governmental funds, which focus on (1) how *cash and other financial assets* that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed *short-term* view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the City’s programs. Because these funds do not encompass the additional long-term focus of the government-wide statements, additional information is provided following each fund statement that explains the relationship (or differences) between them.
- Some funds are required by State law, such as the debt service fund.
- Management may establish other funds to control and manage money for particular purposes or to show that it is properly using certain revenue resources, such as capital project funds.

**Figure A-1** summarizes the major features of the City’s financial statements, including the portion of the City government they cover, and the types of information they contain.

**Figure A-1 - Major Features of the City's Government-wide and Fund Financial Statements**

<i>Type of Statements</i>	<b>Government-Wide</b>	<b>Fund Level</b>	
		<b>Governmental Funds</b>	<b>Proprietary Funds</b>
<i>Scope</i>	Entire City's government, except fiduciary funds	The activities of the City that are not proprietary or fiduciary	Activities the City operates similar to private business: utilities
<i>Required financial statements</i>	<ul style="list-style-type: none"> <li>◆ Statement of Net Position</li> <li>◆ Statement of Activities</li> </ul>	<ul style="list-style-type: none"> <li>◆ Balance Sheet</li> <li>◆ Statement of Revenues, Expenditures &amp; Changes in Fund Balances</li> </ul>	<ul style="list-style-type: none"> <li>◆ Statement of Net Position</li> <li>◆ Statement of Revenues, Expenses &amp; Changes in Fund Balances</li> <li>◆ Statement of Cash Flows</li> </ul>
<i>Accounting basis and measurement focus</i>	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus
<i>Type of asset/liability information</i>	All assets and liabilities, both financial and capital, short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets included	All assets and liabilities, both financial and capital, and short-term and long-term
<i>Type of inflow/outflow information</i>	All revenues and expenses during the year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after year end; expenditures when goods or services have been received and payment is made during the year or soon thereafter	All revenues and expenses during the year, regardless of when cash is received or paid

## GOVERNMENT-WIDE FINANCIAL ANALYSIS

Over time net position serves as a useful indicator of a government's financial condition. As noted earlier, the City's assets and deferred outflows of resources exceeded its liabilities and deferred inflows by \$64,090,348.

The largest portion of the City's net position, \$32,974,620 or 51.5%, represents the City's investment in capital assets (e.g., land, buildings, vehicles, equipment, and infrastructure) less any debt used to acquire assets still outstanding at year end. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. Another portion of the City's net position, \$8,901,616 or 13.9%, represents resources that are subject to external restrictions on how they may be used (i.e., debt service, public safety, capital improvements, etc.). The remaining portion, \$22,214,112 or 34.7%, may be used at the City's discretion to meet ongoing obligations to its citizens and creditors (unrestricted).

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net position, both for the City as a whole as well as for its separate governmental and business-type activities. The same situation held true for the prior fiscal year.

	Governmental Activities		Business-type Activities		Totals	
	2024	2023	2024	2023	2024	2023
Current and other assets	\$ 27,860,102	\$ 30,927,517	\$ 9,648,055	\$ 7,170,811	\$ 37,508,157	\$ 38,098,328
Capital assets	<u>31,569,932</u>	<u>26,185,751</u>	<u>13,555,477</u>	<u>12,582,509</u>	<u>45,125,409</u>	<u>38,768,260</u>

The following table provides a summary of the City's operations for the year ended September 30, 2024. Overall, the City had an increase in net position of \$8,270,614. This increase is attributable to the governmental activities for \$4,721,256 and business-type activities for \$3,549,358. Revenues for business-type activities increased by \$1,979,787. Revenue associated with governmental activities increased by \$3,731,725. Significant variances in governmental activities revenues include the following.

- \$428,378 increase in property tax revenue,
- \$3,642,346 increase in grants and contributions,
- \$639,234 decrease in charges for services,
- \$359,926 increase in investment earnings.

Total expenses for governmental activities increased by \$1,196,126, and total expenses for the City's business-type activities decreased by \$28,061 when compared to 2023. Expenses for governmental activities and business-type activities in fiscal year 2024 compared to fiscal year 2023 are due to numerous factors.

## FINANCIAL ANALYSIS AND BUDGETARY HIGHLIGHTS OF CITY FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with financial-related legal requirements.

### GOVERNMENTAL FUNDS

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the City's net resources available at the end of the fiscal year.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$23,204,805. Approximately 47.1% of the total amount constitutes assigned and unassigned fund balance, which is available for spending at the City's discretion.

The General Fund is the chief operating fund of the City. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$10,779,600, while total fund balance was \$10,789,600. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 87.5% of total General Fund expenditures. The net increase in fund balance during the current year in the General Fund was \$2,242,685. An analysis of the General Fund operations in the current year is as follows:

- The City's property tax rate for maintenance and operations (M&O) decreased from \$0.532646 to \$0.481680 in the current fiscal year. The tax assessed values increased, therefore, M&O tax revenues increased by \$492,621 as compared against prior year.
- Licenses and permit fees decreased by \$560,159, primarily due to large development activity within the City in prior year.

- Sales and use taxes and fines and forfeitures had an increase \$142,589 over the prior year as a result of increases in sales taxes.
- General fund expenditures increased by \$1,514,577 due to an increase in salary expenses related to budgeted raises for employees and capital related expenditures for public safety.

The Capital Project Fund had a net increase of \$2,653,647. Expenditures exceeded intergovernmental and investment earnings.

The American Rescue Plan Act Fund had a net increase in fund balances of \$72,864 caused by investment earnings received for the year.

The Park Development Fund had a net decrease in fund balance of \$585,244 caused by the continued spending of resources restricted for parks development.

The majority of revenues for the City's governmental funds are generated from taxes (58.2%), licenses and permits (3.4%), and charges for services (11.5%). The remainder (26.8%) is obtained from franchise fees, grants and contributions, fines and forfeitures, and other miscellaneous sources.

## PROPRIETARY FUNDS

The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the Water and Wastewater and Drainage funds at the end of the year amounted to \$2,613,582 and \$1,000,964, respectively. The net position of the Water and Wastewater fund increased by \$3,680,453 while the net position of the Drainage fund decreased by \$131,095. Other factors concerning the finances of these funds have already been addressed in the discussion of the City's business-type activities.

### General Fund Budgetary Highlights

Total actual General Fund revenues were more than expected, primarily due to revenues from arising sales tax and investment earnings, as well as charges for services that were in excess of budgeted amounts. Revenue sources were more than anticipated in property tax, sales and use tax, and miscellaneous revenue. See details of budget and actual revenues and expenditures for the General Fund in the required supplementary information.

City policy requires the General unassigned fund balance to reflect no less than 60 days of General Fund expenditures. At September 30, 2024, unassigned General fund balance reflected 291 days of total General Fund expenditures.

## CAPITAL ASSETS

As of September 30, 2024, the City had invested \$45,125,409 in a broad range of capital assets, including infrastructure, equipment, buildings, and vehicles. More detailed information about the City's capital assets can be found in the notes to the financial statements.

	Governmental Activities		Business-Type Activities		Totals

Totals	\$ 31,569,932	\$ 26,185,751	\$ 13,555,477	\$ 12,582,509	\$ 45,125,409	\$ 38,768,260

During the current year, significant additions to capital assets include the following:

- Construction in progress - Uhl Road Project and All Abilities Park Improvements: \$3,788,818
- Buildings – City Hall, Community Center, Public Safety Building: \$15,020,155
- Vehicles- Police Vehicles and Spartan Aerial Ladder Truck \$1,908,102

**DEBT ADMINISTRATION**

At year-end, the City had \$15,176,311 in outstanding debt and other long-term liabilities, as shown below. More detailed information about the City’s debt is presented in the notes to the financial statements.

	Governmental Activities		Business-Type Activities		Totals	
	2024	2023	2024	2023	2024	2023
Certificates of obligation	\$ 670,000	\$ 910,000	\$ -	\$ -	\$ 670,000	\$ 910,000
General obligation bonds	10,320,000	10,985,000	-	-	10,320,000	10,985,000
Premium on debt	850,265	921,119	-	-	850,265	921,119

Leases payable	172,363	259,541	-	-	172,363	259,541
Compensated absences payable	428,204	326,933	28,537	33,222	456,741	360,155
Totals	<u>\$12,830,699</u>	<u>\$13,884,057</u>	<u>\$ 2,345,612</u>	<u>\$ 2,514,735</u>	<u>\$15,176,311</u>	<u>\$16,398,792</u>

Notes and certificates of obligation decreased in the current year primarily due to annual payments made. The City’s bond ratings are AA- as assigned by Standard & Poor’s.

**ECONOMIC FACTORS AND NEXT YEAR’S BUDGETS AND RATES**

The economy continues to be strong for the City of Glenn Heights. The City is experiencing stable growth and remains optimistic that existing properties will continue to appreciate. In fiscal year 2024, the City’s net taxable property values increased approximately 20.8% from \$1,361,094,221 in fiscal year 2023 to \$1,644,394,310 in fiscal year 2024. The City’s total property tax rate decreased from \$0.632211/100 to \$0.564729/100, the City’s I&S tax decreased from \$0.099565100 to \$0.083049/100, and the City’s M&O tax rate decreased from \$0.532646/100 to \$0.481680/100.

In fiscal year 2025 the City’s property values are expected to continue to increase. In large part because of the ongoing housing development projects within the City.

**CONTACTING THE CITY’S FINANCIAL MANAGEMENT**

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the City’s finances and to demonstrate the City’s accountability for the money it receives. Any questions about this report or need for additional financial information should be addressed to City of Glenn Heights, Attn: City Secretary, 1938-C South Hampton Road, Glenn Heights, TX, 75154.

RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS  
TO THE GOVERNMENT-WIDE STATEMENT OF NET POSITION

SEPTEMBER 30, 2024

Amounts reported for governmental activities in the statement of net position are different because:

Total fund balance governmental funds	\$ 23,204,805
Capital assets used in governmental activities are not current financial resources and therefore are not reported in the funds.	31,569,932
Uncollected revenues are reported as unavailable resources in the governmental funds balance sheet, but are recognized as a revenue in the statement of activities.	
Property taxes	111,811
Ambulance fees	293,841
Court fines	480,105
Long-term assets, including the net pension asset, are not current financial resources and therefore are not reported in the governmental funds balance sheet.	
Net pension asset	1,440,303
Deferred inflows of resources - pension related	(327,487)
Deferred outflows of resources - pension related	487,728
Long-term liabilities, including bonds payable, notes payable, compensated absences, OPEB liabilities and net pension liability, as well as their related deferred inflows/outflows of resources, are not due and payable in the current period and therefore are not reported in the governmental funds balance sheet.	
Bonds payable	(10,990,000)
Notes payable	(389,867)
Issuance premium	(850,265)
Leases payable	(172,363)
Compensated absences	(428,204)
Total OPEB liability - SDBF	(175,265)
Deferred inflows of resources - OPEB SDBF related	(79,259)
Deferred outflows of resources - OPEB SDBF related	44,180
Interest payable on long-term debt in the City's governmental activities is not payable from current resources and therefore is not reported in the governmental funds balance sheet.	<u>(61,443)</u>
Net position of governmental activities	<u>\$ 44,158,552</u>

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND  
BALANCES OF GOVERNMENTAL FUNDS TO THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES**

FOR THE YEAR ENDED SEPTEMBER 30, 2024

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balance - total governmental funds \$ (2,167,128)

Governmental funds report capital outlay as expenditures. However, in the statement of activities the cost of these assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital outlay 6,528,653  
Depreciation expense (1,144,472)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. The details of these differences are as follows:

Property taxes (27,911)  
Ambulance fees 17,401  
Court fines 89,422

Some expenses reported in the statement of activities do not require the use of current financial resources; therefore, they are not reported as expenditures in governmental funds. The details of these differences are as follows:

Compensated absences (101,272)  
Accrued interest 35,452  
Net pension asset 331,212  
Total OPEB liability - SDBF 5,269

The issuance of long-term debt (e.g., bonds) provides current financial resources to governmental funds, while repayment of the principal long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Payments on bonds 905,000  
Payments on leases payable 87,178  
Payments on notes payable 91,597  
Amortization of premium on bond issuance 70,855

Change in net position of governmental activities \$ 4,721,256

# CITY OF GLENN HEIGHTS, TEXAS

## NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2024

### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Reporting Entity

The City of Glenn Heights, Texas (the City) was incorporated on September 16, 1969, to operate as a general law city. In August 1987, the City amended its charter and currently operates as a home rule city. The City is regulated by the Code of State Statutes of the State of Texas and is authorized to perform the following services: public safety (police and fire), public works, planning, inspection, sanitation, water and sewer utilities, storm drainage, and general administrative services. The City operates under a council-manager form of government. The Council is comprised of seven officials including a mayor and six council members.

The City prepares its financial statements in conformity with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board (GASB). The Council has the authority to make decisions, appoint administrators and managers, and significantly influence operations. It also has the primary accountability for fiscal matters. Therefore, the City is a financial reporting entity as defined by the GASB.

The accompanying financial statements present the City and its component units, entities for which the City is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the City's operations and are appropriately presented as funds of the primary government. Discretely presented component units, on the other hand, are reported in a separate column in the government-wide financial statements to emphasize they are legally separate from the City.

#### Blended Component Unit

The Glenn Heights Housing Finance Corporation (GHHFC) was created in 2016 by state law for the purpose of benefiting and accomplishing public purpose of, and on behalf of, the City by financing the cost of residential ownership and development that will provide decent, safe, and sanitary housing for residents of the City at prices they can afford. The GHHFC was created as a housing finance corporation pursuant to Chapter 394 of the Texas Local Government Code.

The City Council is the governing board for the Corporation. Further, the City Council has the ability to impose its will on the entity. The Corporation is presented as a governmental fund type and has a September 30 year-end. Separately issued financial statements are not available for GHHFC.

#### B. Basis of Presentation - Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds, while business-type activities incorporate data from the City's enterprise funds. Separate financial statements are provided for governmental funds, and proprietary funds.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments for interfund services provided and other charges between the City's various other functions. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

### **C. Basis of Presentation - Fund Financial Statements**

The fund financial statements provide information about the City's funds. Separate statements for each fund category—governmental and proprietary—are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental funds:

The General Fund is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Capital Projects Fund accounts for the acquisition of capital assets or construction of major capital projects being financed by 2015 and 2016 bond proceeds.

The Parks Development Fund accounts for the acquisition of capital assets or construction of major capital projects being financed by park development fees.

The American Rescue Plan Act Fund is used to account for expenditures and receipts related to the coronavirus local fiscal recovery fund grant program. The purpose of this grant is to help alleviate the costs incurred by the City as a result of the COVID-19 pandemic.

The City reports the following major proprietary fund:

The Water and Wastewater Fund is used to account for water and sewer improvements and operations.

During the course of operations, the City has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in the governmental activities (i.e., the governmental) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfer in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

### **D. Measurement Focus and Basis of Accounting**

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgements, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt are reported as other financing sources.

Property taxes, sales taxes, franchise taxes, court fines, and interest associated with the current period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period of availability for this revenue source (within 60 days of year-end). All other revenue items are considered to be measurable and available only when cash is received by the City.

The proprietary funds are reported using the *economic resources measurement focus* and the *accrual basis of accounting*.

## **E. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance**

### **Cash and Cash Equivalents**

Cash and cash equivalents include cash on hand, demand deposits, and short-term investments with a maturity date within three months of the date acquired by the government.

### **Investments**

Investments for the City are reported at fair value, except for the position in investment pools. The City's investment in pools are reported at the net asset value per share (which approximates fair value) even though it is calculated using the amortized cost method.

### **Restricted Assets**

Certain resources set aside for the repayment of customer utility deposits are classified as restricted assets on the balance sheet because their use is limited to such purpose. Also included in restricted assets are capital recovery fees (impact fees) that are, by law, restricted for future capital improvements. When the City incurs an expense for which it may use either restricted or unrestricted assets, it uses the restricted assets first.

### **Interfund Receivables/Payables**

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" or "due to other funds" on the balance sheet. Short-term interfund loans are classified as "interfund receivables/payables."

**Receivables and Allowances for Doubtful Accounts**

All trade and property tax receivables are shown net of an allowance for uncollectible. Property taxes are based on the appraised values provided by the Dallas County and Ellis County Appraisal Districts, as applicable. Taxes are levied by October 1 of each year, and are due in full with no discounts granted. Unpaid property taxes become delinquent on February 1 of the following year. Penalty is calculated after February 1 up to the date collected by the government at the rate of 6% for the first month and increased 1% per month up to a total of 12%. Interest is calculated after February 1 at the rate of 1% per month up to the date collected by the government. Under state law, property taxes levied on real property constitute a lien on the real property which cannot be forgiven without specific approval of the State Legislature. The lien expires at the end of twenty years. Taxes levied on personal property can be deemed uncollectible by the City. The City’s current policy is to write-off uncollectible personal property taxes after four years.

**Capital Assets**

Capital assets, including property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements, as well as in the proprietary fund statement of net position. Capital assets are defined by the government as assets with an initial cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement should be reported at acquisition value rather than fair value.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest is capitalized on proprietary fund assets acquired with tax-exempt debt. The amount of interest to be capitalized is calculated by offsetting interest expense incurred from the date of the borrowing until completion of the project with interest earned on invested proceeds over the same period.

Property, plant, and equipment of the primary government is depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	10 - 40
Infrastructure	10 - 50
Improvements	5 - 30
Equipment	3 - 10
Vehicles	2 - 10
Right-to-use equipment	3 - 10

**Prepaid Items**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items per the consumption method in both government-wide and fund financial statements.

**Unearned Revenues**

Unearned revenues are reported when cash is received before the related performance or eligibility requirements are met. These relate primarily to the grant funds received in advance for the COVID-19 ARPA grants, which will be recognized in future years to the extent that funds are spent. The City also reports unearned revenues for facility rental payments received before the rental is used, DART, opioid lawsuit funds and developer agreement revenue.

### **Compensated Absences**

It is the government's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. There is no liability for unpaid sick leave since the government does not have a policy to pay any amounts when employees separate from service with the government. All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for this amount is reported in governmental funds only if they have matured, for example, as a result of employee resignation and retirements.

### **Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of net position and/or balance sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has the following items that qualify for reporting in this category.

- Deferred charges on refunding – A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.
- Pension and OPEB contributions after measurement date – These contributions are deferred and recognized in the following fiscal year.
- Changes in actuarial assumptions – These changes are deferred and recognized over the estimated average remaining lives of all members determined as of the measurement date.
- Difference in projected and actual earnings on pension assets – This difference is deferred and amortized over a closed five-year period.

In addition to liabilities, the statement of net position and/or balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has the following items that qualify for reporting in this category.

- Unavailable revenue is reported only in the governmental funds balance sheet. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.
- Difference in expected and actual pension and OPEB experience – This difference is deferred and recognized over the estimated average remaining lives of all members determined as of the measurement date.
- Changes in actuarial assumptions – These changes are deferred and recognized over the estimated average remaining lives of all members determined as of the measurement date.

### **Pensions**

For purposes of measuring the net pension liability, pension related deferred outflows and inflows of resources, and pension expense, City specific information about its Fiduciary Net Position in the Texas Municipal Retirement System (TMRS) and additions to/deductions from TMRS's Fiduciary Net Position have been determined on the same basis as they are reported by TMRS. For this purpose, plan contributions are recognized in the period that compensation is reported for the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

### **Other Post-Employment Benefits**

For purposes of measuring the total Texas Municipal Retirement System Supplemental Death Benefit Fund (TMRS SDBF) OPEB liability, related deferred outflows and inflows of resources, and expense, City specific information about its total TMRS SDBF liability and additions to/deductions from the City's total TMRS SDBF liability have been determined on the same basis as reported by TMRS. The TMRS SDBF expense and deferred (inflows)/outflows of resources related to TMRS SDBF, primarily result from changes in the components of the total TMRS SDBF liability. Most changes in the total TMRS SDBF liability will be included in TMRS SDBF expense in the period of the change. For example, changes in the total TMRS SDBF liability resulting from current-period service cost, interest on the TOL, and changes of benefit terms are required to be included in TMRS SDBF expense immediately. Changes in the total TMRS SDBF liability that have not been included in TMRS SDBF expense are required to be reported as deferred outflows of resources or deferred inflows of resources related to TMRS SDBF.

### **Long-Term Obligations**

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed as incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

### **Leases**

The City is a lessee for a noncancellable lease of equipment. The City recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the government-wide financial statements.

At the commencement of a lease, the City initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how the City determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The City uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the City generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the City is reasonably certain to exercise.

The City monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long term debt on the statement of net position.

## **Net Position and Fund Balance**

Net position represents the difference between assets, deferred outflows of resources and deferred inflows of resources and liabilities. Net investment in capital assets consists of capital assets net of accumulated depreciation and the outstanding balances of any borrowing spent for the acquisition, construction or improvements of those assets. Net position is reported as restricted when there are limitations imposed on use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

In the fund financial statements, governmental funds report fund balance categorized as follows:

**Nonspendable fund balance** – This classification includes amounts that cannot be spent because they are either (a) not in a spendable form or (b) are legally or contractually required to be maintained intact. Nonspendable items are not expected to be converted to cash or are not expected to be converted to cash within the next year.

**Restricted fund balance** – This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

**Committed fund balance** – This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by ordinance of the City Council, the City's highest level of decision-making authority. These amounts cannot be used for any other purposes unless the City removes or changes the specified use by taking the same type of action that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.

**Assigned fund balance** – This classification includes amounts intended to be used by the City for specific purposes. The City Council has designated the City Manager or his/her designee as the official authorized person to assign fund balance. In governmental funds other than the General Fund, assigned fund balance represents the amount that is not restricted or committed.

**Unassigned fund balance** – This classification includes the residual fund balance for the General Fund. The unassigned classification also includes negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting of assigned fund balance amounts.

Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last. The City's General Fund policy requires no less than 60 days of General Fund expenditures in unassigned fund balance.

## **Net Position**

Net position represents the difference between assets, deferred outflows/inflows and liabilities. Net position-net investment in capital assets consists of capital assets net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction, or improvements of those assets, and adding back unspent proceeds. Net position is reported as restricted when there are limitations imposed on the use of funds either through the enabling legislations adopted by the City or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

Sometimes the City will fund outlays for a particular purpose from both restricted (e.g., restricted bond and grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

### **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

## **F. Budgetary Information**

### **Deficit Fund Balance**

As of year-end, the Veterans Memorial and Grant funds had deficit unassigned fund balances in the amounts of \$117 and \$24,694, respectively. The deficit will be covered by future revenues or a transfer from the General Fund.

## **II. DETAILED NOTES ON ALL ACTIVITIES AND FUNDS**

### **A. Deposits and Investments**

The City may invest in obligations of the U.S. Treasury or the State of Texas, certain U.S. agencies, certificates of deposit, money market savings accounts, certain municipal securities, repurchase agreements, common trust funds and other investments specifically allowed by the Public Funds Investment Act of 1987 (Article 842a-2 Vernon's Civil Statutes).

The Texas Short-Term Asset Reserve Investment Pool ("TexSTAR") is a local government investment pool organized under the authority of the Interlocal Cooperation Act, chapter 791, of the Texas Government Code, and the Public Funds Investment Act, chapter 2256, of the Texas Government Code. J.P. Morgan Investment Management Inc. serves as investment advisor and co-administrator with First Southwest. TexSTAR invests in treasury and agency securities and repurchase agreements fully collateralized by government securities. The pool maintains a weighted average maturity of 60 days or less. The pool seeks to maintain a constant dollar objective. The reported value of the pool is the same as the fair value of the pool shares. Due to its short-term, highly liquid nature, investments in TexSTAR have been reported as cash equivalents.

TexSTAR has a redemption notice period of one day and may redeem daily. The investment pool's authority may only impose restrictions on redemptions in the event of a general suspension of trading on major securities markets, general banking moratorium or national state of emergency that affects the pool's liquidity.

In compliance with the Public Funds Investment Act, the government has adopted a deposit and investment policy. That policy addresses the following risks:

*Custodial Credit Risk – Deposits:* In the case of deposits, this is the risk that, in the event of a bank failure, the City's deposits may not be returned to the City. The City's policy regarding types of deposits allowed and collateral requirements is: the Depository may be a state bank authorized and regulated under Texas law; a national bank, savings and loan association, or savings bank authorized and regulated by federal law; or a savings and loan association or savings bank organized under Texas law; but shall not be any bank the deposits of which are not insured by the Federal Deposit Insurance Corporation (FDIC). The City is not exposed to custodial credit risk for its deposits, as all are covered by depository insurance and pledged securities.

*Custodial Credit Risk – Investments:* For an investment, this is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

*Credit Risk:* This is the risk that an issuer of an investment will be unable to fulfill its obligations. The rating of securities by nationally recognized rating agencies is designed to give an indication of credit risk. It is the City's policy to limit its investments to those investments rated at least AAAM. The credit quality rating for TexSTAR at year end was AAAM by Standard & Poor's.

*Interest Rate Risk:* This is the risk that changes in interest rates will adversely affect the fair value of an investment. The City's investment policy requires management to minimize risk of loss due to interest rate fluctuations by limiting the weighted average maturity of its investment portfolio to less than one year from the time of purchase.

*Foreign Currency Risk:* This is the risk that exchange rates will adversely affect the fair value of an investment. The City is not exposed to foreign currency risk.

*Concentration of Credit Risk:* This is the risk of loss attributed to the magnitude of the City's investment in a single issuer (i.e., lack of diversification). Concentration risk is defined as positions of 5 percent (5%) or more in the securities of a single issuer. It is the City's policy to not allow for a concentration of credit risk. Investments issued by the U. S. Government and investments in investment pools are excluded from the 5 percent (5%) disclosure requirement. The City is not exposed to concentration of credit risk.

As of September 30, 2024 the fair value of the City's TexStar investments was \$ 26,314,136 and the investments have a weighted average maturity of 24 days.

**B. Receivables**

Receivables as of year-end for the City's individual major funds and non-major funds, including the applicable allowances for uncollectible accounts, are as follows:

Receivables	General Fund	Nonmajor Governmental Fund	Totals
Property taxes	\$ 194,865	\$ 39,144	\$ 234,009
Sales taxes	216,610	-	216,610
Ambulance	696,451	-	696,451
Garbage	359,501	-	359,501
Court fines	584,780	-	584,780
Other	-	-	-
Gross receivables	2,052,207	39,144	2,091,351
Less: allowance for uncollectibles	(659,056)	(9,548)	(668,604)
Total receivables, net	\$ 1,393,151	\$ 29,596	\$ 1,422,747

Receivables	Water & Wastewater Fund	Drainage Fund
Utility fees	\$ 2,344,880	\$ 74,172
Less: allowance for uncollectibles	(829,322)	(28,925)
Total receivables, net	\$ 1,515,558	\$ 45,247

### C. Capital Assets

Capital asset activity for the year ended September 30, 2024 was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
<b>Governmental Activities:</b>				
Capital assets, not being depreciated:				
Land	\$ 901,893	\$ 151,690	\$ -	\$ 1,053,583
Construction in progress	<u>15,181,621</u>	<u>3,744,092</u>	<u>(15,271,139)</u>	<u>3,654,574</u>
Total capital assets, not being depreciated	<u>16,083,514</u>	<u>3,895,782</u>	<u>(15,271,139)</u>	<u>4,708,157</u>
Capital assets, being depreciated:				
Buildings	829,956	15,020,154	(124,952)	15,725,158
Parks and improvements	1,033,552	-	-	1,033,552
Infrastructure - streets	10,083,012	500,000	-	10,583,012
Vehicles	2,621,905	1,908,102	(512,827)	4,017,180
Right-to-use equipment	537,246	-	-	537,246
Equipment	<u>2,290,192</u>	<u>599,462</u>	<u>(375,113)</u>	<u>2,514,541</u>
Total capital assets, being depreciated	<u>17,395,863</u>	<u>18,027,718</u>	<u>(1,012,892)</u>	<u>34,410,689</u>
Less: accumulated depreciation				
Buildings	(258,875)	(24,051)	42,171	(240,755)
Parks and improvements	(817,097)	(12,406)	-	(829,503)
Infrastructure - streets	(2,603,657)	(453,141)	-	(3,056,798)
Vehicles	(2,068,920)	(255,311)	512,827	(1,811,404)
Right-to-use equipment	(377,478)	(171,531)	-	(549,009)
Equipment	<u>(1,167,599)</u>	<u>(228,032)</u>	<u>334,186</u>	<u>(1,061,445)</u>
Total accumulated depreciation	<u>(7,293,626)</u>	<u>(1,144,472)</u>	<u>889,184</u>	<u>(7,548,914)</u>
Total capital assets being depreciated, net	<u>10,102,237</u>	<u>16,883,246</u>	<u>(123,708)</u>	<u>26,861,775</u>
Governmental activities capital assets, net	<u>\$ 26,185,751</u>	<u>\$ 20,779,028</u>	<u>\$ (15,394,847)</u>	<u>\$ 31,569,932</u>
	Beginning Balance	Increases	Decreases	Ending Balance
<b>Business-Type Activities:</b>				
Capital assets, not being depreciated:				
Land	\$ 35,161	\$ -	\$ -	\$ 35,161
Construction in Progress	<u>3,694,543</u>	<u>1,322,160</u>	<u>(3,646,068)</u>	<u>1,370,635</u>
Total capital assets, not being depreciated	<u>3,729,704</u>	<u>1,322,160</u>	<u>(3,646,068)</u>	<u>1,405,796</u>
Capital assets, being depreciated:				
Buildings	295,699	-	-	295,699
Infrastructure - water	10,230,712	-	-	10,230,712
Infrastructure - sewer	5,842,307	-	-	5,842,307
Infrastructure - drainage	261,093	-	-	261,093
Vehicles	437,712	33,978	-	471,690
Equipment	<u>1,302,404</u>	<u>3,765,071</u>	<u>(230,184)</u>	<u>4,837,291</u>
Total capital assets, being depreciated	<u>18,369,927</u>	<u>3,799,049</u>	<u>(230,184)</u>	<u>21,938,792</u>
Less: accumulated depreciation				
Buildings	(217,008)	(7,177)	-	(224,185)
Infrastructure - water	(5,362,024)	(229,847)	-	(5,591,871)
Infrastructure - sewer	(2,651,167)	(116,952)	-	(2,768,119)
Infrastructure - drainage	(161,821)	(5,289)	-	(167,110)
Vehicles	(396,665)	(26,081)	-	(422,746)
Equipment	<u>(728,437)</u>	<u>(90,555)</u>	<u>203,912</u>	<u>(615,080)</u>
Total accumulated depreciation	<u>(9,517,122)</u>	<u>(475,901)</u>	<u>203,912</u>	<u>(9,789,111)</u>
Total capital assets being depreciated, net	<u>8,852,805</u>	<u>3,323,148</u>	<u>(26,272)</u>	<u>12,149,681</u>
Business-Type activities capital assets, net	<u>\$ 12,582,509</u>	<u>\$ 4,645,308</u>	<u>\$ (3,672,340)</u>	<u>\$ 13,555,477</u>

Depreciation expense was charged to functions/programs of the primary government as follows:

Government activities:	
General government	\$ 50,501
Public safety	463,535
Development services	594,634
Parks and recreation	<u>35,802</u>
Total	<u>\$ 1,144,472</u>
Business-type activities:	
Water and sewer	\$ 443,249
Drainage	<u>32,652</u>
Total	<u>\$ 475,901</u>

**D. Interfund Receivables, Payables, and Transfers**

The compositions of interfund balances as of September 30, 2024 are as follows:

<u>Payable Fund</u>	<u>Receivable Fund</u>	<u>Amount</u>	<u>Purpose</u>
Nonmajor governmental funds	General fund	<u>\$ 24,811</u>	Short-term loans

The outstanding balances between funds result mainly from the time lag between the dates that (1) reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

Interfund activity for the year ended September 30, 2024 is as follows:

<u>Transfer Out</u>	<u>Transfer In</u>	<u>Amount</u>	<u>Purpose</u>
Water and wastewater	General fund	\$ 21,000	Payment in lieu of taxes
Drainage	General fund	15,775	Payment in lieu of taxes
ARPA	General fund	1,000,000	Grant reimbursement
Nonmajor governmental	General fund	69,000	Subsidize project
General fund	Nonmajor governmental	154,095	Subsidize project
Nonmajor governmental	Water and wastewater	<u>1,695,039</u>	Payment in lieu of taxes & grants
Total		<u>\$ 2,954,909</u>	

**E. Long-term Debt**

Changes in the City's long-term liabilities for the year ended September 30, 2024 are as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Deletions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
<u>Governmental activities:</u>					
Certificates of obligation debt	\$ 910,000	\$ -	\$ (240,000)	\$ 670,000	\$ 245,000
General obligation debt	10,985,000	-	(665,000)	10,320,000	690,000
Premium on debt	921,120	-	(70,855)	850,265	-
Notes payable	481,464	-	(91,597)	389,867	93,887
Leases payable	259,541	-	(87,178)	172,363	84,092
Compensated absences	326,932	<u>322,331</u>	<u>(221,059)</u>	428,204	<u>85,641</u>
Total governmental activities	<u>\$ 13,884,057</u>	<u>\$ 322,331</u>	<u>\$ (1,375,689)</u>	<u>\$ 12,830,699</u>	<u>\$ 1,198,620</u>
<u>Business-type activities:</u>					
Notes payable	\$ 2,481,513	\$ -	\$ (164,438)	\$ 2,317,075	\$ 168,462
Compensated absences	<u>33,222</u>	<u>33,406</u>	<u>(38,091)</u>	<u>28,537</u>	<u>5,707</u>
Total business-type activities	<u>\$ 2,514,735</u>	<u>\$ 33,406</u>	<u>\$ (202,529)</u>	<u>\$ 2,345,612</u>	<u>\$ 174,169</u>

## Bonds Payable

The City issues General Obligation Bonds to provide funds for the acquisition and construction of major capital facilities. General Obligation Bonds are direct obligations and pledge the full faith and credit of the government. All of the City's General Obligation bonds and Contractual Obligation-Private Placement are direct obligations of the City, payable from a continuing ad valorem tax levied on all taxable property within the City, within the limits prescribed by law. The City's Certificates of Obligation issues are direct obligations of the City, payable from a combination of (i) an annual ad valorem tax levied, within the limits prescribed by law, on all taxable property within the City, and (ii) a limited pledge (not to exceed \$1,000) of the surplus net revenues of the City's Water and Wastewater System. Should the City default on its outstanding bonds, any registered owner of the certificates is entitled to seek a writ of mandamus from a court of proper jurisdiction requiring specific performance from the City. Bonds payable at September 30, 2024 are comprised of the following issues:

### Governmental Activities:

2008 Certificates of Obligation, original issue \$2,050,000, dated September 1, 2008, due in annual installments through February 15, 2028, at 4.04% interest.	\$ 555,000
2015 Certificates of Obligation, original issue \$725,000, dated September 10, 2015, due in annual installments through September 30, 2025, at 2.37% interest.	115,000
2016 General Obligation Refunding Bonds, original issue \$13,820,000, dated August 23, 2016, due in annual installments through February 15, 2036, at 2.65% interest.	<u>10,320,000</u>
Total	<u>\$ 10,990,000</u>

The debt service requirements for the City's certificates of obligation are as follows:

Fiscal Year	Certificates of Obligation		
	Principal	Interest	Total
2025	\$ 245,000	\$ 21,159	\$ 266,159
2026	135,000	14,443	149,443
2027	140,000	8,888	148,888
2028	150,000	3,030	153,030
Total	<u>\$ 670,000</u>	<u>\$ 47,520</u>	<u>\$ 717,520</u>

The debt service requirements for the City's general obligations are as follows:

Fiscal Year	Principal	Interest	Total
2025	\$ 690,000	\$ 336,700	\$ 1,026,700
2026	710,000	308,800	1,018,800
2027	740,000	287,050	1,027,050
2028	765,000	264,475	1,029,475
2029	810,000	240,850	1,050,850
2030-2034	4,535,000	809,850	5,344,850
2035-2036	2,070,000	83,600	2,153,600
Total	<u>\$ 10,320,000</u>	<u>\$ 2,331,325</u>	<u>\$ 12,651,325</u>

**Notes Payable (Direct Borrowings)**

In 2017, the City entered into a State Infrastructure Bank Loan agreement in the amount of \$1,500,000. The proceeds will be used to relocate utility lines for road construction. In 2021, the City entered into a capital loan agreement in the amount of \$2,800,000, to partially fund an automated meter reader (AMR) project. Should the City default on the notes, the lender may, by all legal and equitable means, require the City to remedy any default under the use and filing of mandamus proceedings. Notes payable at September 30, 2024 are as follows:

Governmental Activities:

2017 State Infrastructure Bank Loan Agreement, original issue \$1,500,000, dated September 25, 2017, due in annual installments through October 02, 2027, at 2.50% interest. \$ 389,867

Business-Type Activities:

2021 Capital Loan Agreement, original issue \$2,800,000, dated January 5, 2021, due in annual installments through January 15, 2036, at 2.45% interest. \$ 2,317,075

The debt service requirements for the City’s notes payable are as follows:

Notes Payable - Governmental Activities			
Fiscal Year	Principal	Interest	Total
2025	\$ 93,887	\$ 8,573	\$ 102,460
2026	96,234	6,197	102,431
2027	98,640	3,761	102,401
2028	<u>101,106</u>	<u>1,264</u>	<u>102,370</u>
Total	<u>\$ 389,867</u>	<u>\$ 19,795</u>	<u>\$ 409,662</u>

Notes Payable - Business-type Activities			
Fiscal Year	Principal	Interest	Total
2025	\$ 168,462	\$ 56,699	\$ 225,161
2026	172,584	52,577	225,161
2027	176,807	48,353	225,160
2028	181,134	44,027	225,161
2029	185,566	39,595	225,161
2030-2034	998,206	127,598	1,125,804
2035-2036	<u>434,316</u>	<u>16,006</u>	<u>450,322</u>
Total	<u>\$ 2,317,075</u>	<u>\$ 384,855</u>	<u>\$ 2,701,930</u>

**Leases Payable**

In fiscal year 2019, the City entered into a lease with Motorola Solutions in the amount of \$536,744. The lease carries an interest rate of 4.86% with the final payment in November 2025. Annual debt service requirements to maturity for the lease is as follows:

Leases Payable			
Fiscal Year	Principal	Interest	Total
2025	\$ 84,092	\$ 8,566	\$ 92,658
2026	<u>88,271</u>	<u>4,387</u>	<u>92,658</u>
Total	<u>\$ 172,363</u>	<u>\$ 12,953</u>	<u>\$ 185,316</u>

**Compensated Absences**

Compensated absences represent the estimated liability for employees' paid time off benefits for which employees are entitled to be paid upon termination. The retirement of this liability is paid from the General Fund, Water and Wastewater, and Drainage Funds based on the assignment of an employee at termination.

## **F. Defined Benefit Pension Plan – Texas Municipal Retirement System**

### **Plan Description**

The City participates as one of 919 plans in the nontraditional, joint contributory, hybrid defined benefit pension plan administered by the Texas Municipal Retirement System (TMRS). TMRS is an agency created by the State of Texas and administered in accordance with the TMRS Act, Subtitle G, Title 8, Texas Government Code (the TMRS Act) as an agent multiple-employer retirement system for municipal employees in the State of Texas. The TMRS Act places the general administration and management of the System with a six-member Board of Trustees. Although the Governor, with the advice and consent of the Senate, appoints the Board, TMRS is not fiscally dependent on the State of Texas. TMRS's defined benefit pension plan is a tax-qualified plan under Section 401 (a) of the Internal Revenue Code. TMRS issues a publicly available comprehensive annual financial report that can be obtained at [www.tMrs.org](http://www.tMrs.org).

All eligible employees of the City are required to participate in TMRS.

### **Benefits Provided**

TMRS provides retirement, disability, and death benefits. Benefit provisions are adopted by the governing body of the City, within the options available in the state statutes governing TMRS.

At retirement, the benefit is calculated as if the sum of the employee's contributions, with interest, and the city-finance monetary credits with interest were used to purchase an annuity. Members may choose to receive their retirement benefits in one of seven payments options. Members may also choose to receive a portion of their benefit as a Partial Lump Sum Distribution in an amount equal to 12, 24, or 36 monthly payments, which cannot exceed 75% of the member's deposits and interest.

The City has approved an annually repeating (automatic) basis monetary credit referred to as an updated service credit (USC) which is a theoretical amount which takes into account salary increases or plan improvements. If at any time during their career an employee earns a USC, this amount remains in their account earning interest at 5% until retirement. At retirement, the benefit is calculated as if the sum of the employee's accumulated contributions with interest and the employer match plus employer-financed monetary credits, such as USC, with interest were used to purchase an annuity. Additionally, the City provides on an annually repeating (automatic) basis cost of living adjustments (COLA) for retirees equal to a percentage of the change in the consumer price index (CPI).

A summary of plan provisions for the City are as follows:

Employee deposit rate	6%
Matching ratio (City to employee)	2 to 1
Years required for vesting	5
Service retirement eligibility	20 years at any age, 5 years at age 60 and above

### **Employees Covered by Benefit Terms**

At the December 31, 2023 valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	73
Inactive employees entitled to but not yet receiving benefits	159
Active employees	<u>98</u>
Total	<u><u>330</u></u>

### **Contributions**

The contribution rates for employees in TMRS are either 5%, 6%, or 7% of employee gross earnings, and the city matching percentages are either 100%, 150%, or 200%, both as adopted by the governing body of the City. Under the state law governing TMRS, the contribution rate for each city is determined annually by the actuary, using the Entry Age Normal (EAN) actuarial cost method. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Employees for the City were required to contribute 6% of their annual gross earnings during the fiscal year. The contribution rates for the City were 5.92% and 4.68% in calendar years 2023 and 2024, respectively. The City's contributions to TMRS for the year ended September 30, 2024, were \$349,824, and were larger than the required contributions.

### Net Pension Liability (Asset)

The City's net pension liability (asset) was measured as of December 31, 2023, and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date.

### Actuarial Assumptions

The total pension liability in the December 31, 2023 actuarial valuation was determined using the following actuarial assumptions:

Inflation	2.50% per year
Overall payroll growth	3.60% to 11.85% including inflation
Investment rate of return	6.75%

Salary increases were based on a service-related table. Mortality rates for active members, retirees, and beneficiaries were based on the gender distinct mortality rates for active members are based on the PUB(10) mortality tables with the Public Safety table used for males and the General Employee table used for females. Mortality rates for healthy retirees and beneficiaries are based on the Gender-distinct 2019 Municipal Retirees of Texas mortality tables. The rates for actives, healthy retirees and beneficiaries are projected on a fully generational basis by Scale UMP to account for future mortality improvements. For disabled annuitants, the same mortality tables for healthy retirees is used with a 4- year set-forward for males and a 3-year set-forward for females. In addition, a 3.5% and 3.0% minimum mortality rate is applied, for males and females respectively, to reflect the impairment for younger members who become disabled. The rates are projected on a fully generational basis by Scale UMP to account for future mortality improvements subject to the floor.

The actuarial assumptions were developed primarily from the actuarial investigation of the experience of TMRS over the four-year period from December 31, 2014 to December 31, 2018. They were adopted in 2019 and first used in the December 31, 2019 actuarial valuation. The post-retirement mortality assumption for Annuity Purchase Rates (APRs) is based on the Mortality Experience Investigation Study covering 2009 through 2011 and dated December 31, 2013. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income in order to satisfy the short-term and long-term funding needs of TMRS.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. In determining their best estimate of a recommended investment return assumption under the various alternative asset allocation portfolios, GRS focused on the area between (1) arithmetic mean (aggressive) without an adjustment for time (conservative) and (2) the geometric mean (conservative) with an adjustment for time (aggressive). The target allocation and best estimates of arithmetic real rates return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return (Arithmetic)
Global equity	35.0%	6.70%
Core fixed income	6.0%	4.70%
Non-core fixed income	20.0%	8.00%
Other public and private markets	12.0%	8.00%
Real estate	12.0%	7.60%
Hedge Funds	5.0%	6.40%
Private equity	10.0%	11.60%
Total	100.0%	

## Discount Rate

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in the statute. Based on that assumption, the pensions plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

## Changes in the Net Pension Liability (Asset)

	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (Asset) (c)
Balance at 12/31/22	\$ 10,747,859	\$ 11,183,852	\$ (435,993)
Changes for the year:			
Service cost	688,053	-	688,053
Interest	733,988	-	733,988
Difference between expected and actual experience	(534,992)	-	(534,992)
Changes in assumptions	(56,567)	-	(56,567)
Contributions - employer	-	348,630	(348,630)
Contributions - employee	-	368,270	(368,270)
Net investment income	-	1,293,901	(1,293,901)
Benefit payments, including refunds of employee contributions	(435,967)	(435,967)	-
Administrative expense	-	(8,235)	8,235
Other changes	-	(58)	58
Net changes	<u>394,515</u>	<u>1,566,541</u>	<u>(1,172,026)</u>
Balance at 12/31/23	<u>\$ 11,142,374</u>	<u>\$ 12,750,393</u>	<u>\$ (1,608,019)</u>

The net pension liability (asset) is generally liquidated by the general, water and wastewater, and drainage funds based on the assignment of an employee at termination.

## Sensitivity of the net pension liability (asset) to changes in the discount rate

The following presents the net pension liability of the City, calculated using the discount rate of 6.75%, as well as what the City's net pension liability/(asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (5.75%) or 1-percentage-point higher (7.75%) than the current rate:

	1% Decrease in Discount Rate (5.75%)	Discount Rate (6.75%)	1% Increase in Discount Rate (7.75%)
Net pension liability (asset)	\$ (16,487)	\$ (1,608,019)	\$ (2,906,718)

## Pension Plan Fiduciary Net Position

Detailed information about the pension plan's Fiduciary Net Position is available in a separately-issued TMRS financial report. That report may be obtained on the internet at [www.tmr.com](http://www.tmr.com).

**Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions**

For the year ended September 30, 2024, the City recognized pension expense of \$31,745. At September 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ -	\$ 331,065
Changes in actuarial assumptions	-	34,556
Difference between projected and actual investment earnings	300,238	-
Contributions subsequent to the measurement date	<u>244,283</u>	-
Total	<u>\$ 544,521</u>	<u>\$ 365,621</u>

Amounts reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability (asset) for the year ending September 30, 2025. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

For the Year Ended September 30,	
2025	\$ (154,538)
2026	(34,545)
2027	231,498
2028	(107,798)

**G. Defined Other Post-Employment Benefit (OPEB) Plan – TMRS Supplemental Death Benefits Fund**

**Plan Description**

The City voluntarily participates in a single-employer other postemployment benefit (OPEB) plan administered by TMRS. The Plan is a group-term life insurance plan known as the Supplemental Death Benefits Fund (SDBF). The Plan is established and administered in accordance with the TMRS Act identically to the City’s pension plan. SDBF includes coverage for both active and retired members, and assets are commingled for the payment of such benefits. Therefore, the Plan does not qualify as an OPEB Trust in accordance with paragraph 4 of GASB Statement No. 75.

**Benefits Provided**

The SDBF provides group-term life insurance to City employees who are active members in TMRS, including or not including retirees. The City Council opted into this program via an ordinance, and may terminate coverage under, and discontinue participation in, the SDBF by adopting an ordinance before November 1 of any year to be effective the following January 1.

Payments from this fund are similar to group-term life insurance benefits and are paid to the designated beneficiaries upon the receipt of an approved application for payment. The death benefit for active employees provides a lump-sum payment approximately equal to the employee’s annual salary (calculated based on the employee’s actual earnings for the 12-month period preceding the month of death). The death benefit for retirees is considered an other postemployment benefit and is a fixed amount of \$7,500.

The number of employees currently covered by the benefit terms is as follows:

Inactive employees or beneficiaries currently receiving benefits	25
Inactive employees entitled to but not yet receiving benefits	17
Active employees	<u>98</u>
Total	<u>140</u>

**Contributions**

The City contributes to the SDBF at a contractually required rate as determined by an annual actuarial valuation, which was 0.24% for both 2024 and 2023, of which 0.06%, represented the retiree-only portion for each year, as a percentage of annual covered payroll. The rate is equal to the cost of providing one-year term life insurance. The funding policy for the SDBF program is to assure that adequate resources are available to meet all death benefit payments for the upcoming year; the intent is not to prefund retiree term life insurance during employees’ entire careers. The City’s contributions to the SDBF for the years ended September 30, 2024 and 2023 were \$16,948 and \$14,215, respectively, representing contributions for both active and retiree coverage, which equaled the required contributions each year.

**Total OPEB Liability**

The City’s total OPEB liability of \$175,265 was measured as of December 31, 2023 and was determined by an actuarial valuation as of that date.

**Actuarial Assumptions**

The Total OPEB Liability in the December 31, 2023 actuarial valuation was determined using the following actuarial assumptions:

Inflation rate	2.50%
Discount rate	3.77%
Salary increases	3.60% to 11.85% including inflation

Mortality rates for active members, retirees, and beneficiaries were based on the gender-distinct RP2000 Combined Healthy Mortality Tables with Blue Collar Adjustment, with male rates multiplied by 107.5% and female rates multiplied by 107.5%. The rates are projected on a fully generational basis by scale BB to account for future mortality improvements. For disabled annuitants, the gender-distinct RP2000 Combined Healthy Mortality Tables with Blue Collar Adjustment are used with male rates multiplied by 107.5% and female rates multiplied by 107.5% with a 3-year set-forward for both males and females. In addition, a 3.5% and 3% minimum mortality rate is applied to reflect the impairment for younger members who became disabled. The rates are projected on a fully generational basis by scale BB to account for future mortality improvements subject to the 3% floor.

Changes in assumptions reflect the annual change in the municipal bond rate. The actuarial assumptions used in the December 31, 2023, valuation were based on the results of an actuarial experience study for the period December 31, 2014 to December 31, 2018.

**Discount Rate**

The SDBF program is treated as an unfunded OPEB plan because the SDBF trust covers both actives and retirees and the assets are not segregated for these groups. As such, a single discount rate of 3.77% was used to measure the Total OPEB Liability. Because the plan is essentially a “pay-as-you-go” plan, the single discount rate is equal to the prevailing municipal bond rate. The source of the municipal bond rate was fixed-income municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index’s “20-year Municipal GO AA Index” as of December 31, 2021.

**Discount Rate Sensitivity Analysis**

The following schedule shows the impact of the Total OPEB Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (4.05%) in measuring the Total OPEB Liability.

	<u>1% Decrease in Discount Rate (2.77%)</u>	<u>Discount Rate (3.77%)</u>	<u>1% Increase in Discount Rate (4.77%)</u>
Total OPEB Liability	\$ 213,142	\$ 175,265	\$ 146,155

**OPEB Liabilities, OPEB Expense, Deferred Outflows and Deferred Inflows of Resources Related to OPEBs**

At September 30, 2024, the City reported a liability of \$175,265 for its Total OPEB Liability. The total OPEB liability was determined by an actuarial valuation as of December 31, 2023. For the year ended September 30, 2024, the City recognized OPEB expense of \$8,883. There were no changes of benefit terms that affected measurement of the Total OPEB Liability during the measurement period.

**Changes in the Total OPEB Liability**

	<u>Total OPEB Liability</u>
Balance at 12/31/2022	\$ 155,597
Changes for the year:	
Service cost	12,276
Interest	6,476
Difference between expected and actual experience	(5,704)
Changes of assumptions	10,303
Benefit payments	<u>(3,683)</u>
Net changes	<u>19,668</u>
Balance at 12/31/2023	<u>\$ 175,265</u>

At September 30, 2024, the City reported deferred outflows and inflows of resources related to other post-employment benefits from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual economic experience	\$ 342	\$ 17,840
Changes in actuarial assumptions	30,634	61,419
Contributions subsequent to the measurement date	<u>13,204</u>	<u>-</u>
Total	<u>\$ 44,180</u>	<u>\$ 79,259</u>

Amounts reported as deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date will be recognized as a reduction of the Total OPEB Liability for the year ending September 30, 2025. Other amounts of the reported as deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>For the Year Ended September 30,</u>	
2025	\$ (8,703)
2026	(10,307)
2027	(15,612)
2028	(14,381)
2029	720

## **H. Risk Management**

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City is a participant in the Texas Municipal League Workers' Compensation Joint Insurance Fund (WC Fund) and the Texas Municipal League Joint Self-Insurance Fund (Property-Liability Fund), a public entity risk pool operated by the Texas Municipal League Board for the benefit of individual governmental units located within Texas. The City pays an annual premium to the Funds for its workers' compensation and property and liability insurance coverage. The WC Fund and the Property-Liability Fund are considered self-sustaining risk pools that provide coverage for their members for up to \$2,000,000 per insured event. There were no significant reductions in insurance coverage from the previous year. Settled claims for risks have not exceeded insurance coverage in any of the past three years.

## **I. Commitments and Contingencies**

### **Water and Sewer Contracts**

The City has separate contracts with the City of Dallas Utilities and Services (DUS) and the Trinity River Authority of Texas (TRA) for the purchase of treated water and for the transportation, treatment, and disposal of wastewater. The DUS agreement expires in 2039. The contracts require the City to pay varying amounts based on the costs associated with water purchased and wastewater transported and/or treated and disposed. The costs include the City's proportionate share of TRA's operating and maintenance expenses, related debt service costs, and certain other miscellaneous charges.

Payments during fiscal year 2022 for the purchase of treated water from DUS were \$1,862,799 and payments made for the transportation, treatment, and disposal of wastewater by TRA were \$844,411. If the City were unable to fulfill its obligations under the contracts, the only liability for future payment would be its proportionate share of debt service requirements. In addition, the City does not retain an ongoing financial interest in TRA and has no representation on the TRA Board of Directors; therefore, the TRA contracts are not considered to be joint venture agreements.

### **Contingencies**

The City is a defendant in several pending lawsuits. City management estimates, based on the advice of legal counsel, that the potential claims against the City, in excess of insurance coverage, would not materially affect the basic financial statements of the City. The City also participates in a number of federal and state grant programs. These programs are subject to compliance audits by the grantors or their representatives. Any liability that may arise as of the result of these audits is not believed to be estimable or probable.

## **J. Tax Abatements**

The City enters into economic development agreements designed to promote development and redevelopment within the City, spur economic improvement, stimulate commercial activity, generate additional sales tax and enhance the property tax base and economic vitality of the City. These programs abate or rebate property taxes and sales tax, and also include incentive payments and reductions in fees that are not tied to taxes. The City's economic development agreements are authorized under Chapter 380 of the Texas Local Government Code and Chapter 311 (Tax Increment Financing Act) and 312 (Property Redevelopment and Tax Abatement Act) of the Texas Tax Code.

Recipients may be eligible to receive economic assistance based on the employment impact, economic impact or community impact of the project requesting assistance. Recipients receiving assistance generally commit to building or remodeling real property and related infrastructure, demolishing and redeveloping outdated properties, expanding operations, renewing facility leases, or bringing targeted businesses to the City. Agreements generally contain recapture provisions which may require repayment or termination if recipients do not meet the required provisions of the economic incentives.

The City has one category of economic development:

General Economic Development – The City enters into various agreements under Chapter 380 of the Texas Local Government Code to stimulate economic development. Agreements may rebate a flat amount or percentage of property taxes or sales tax received by the City, may result in fee reductions such as utility charges or building inspection fees, or make lump sum payments to offset moving expenses, infrastructure reimbursements, redevelopment costs or other expenses. For fiscal year 2024, the City did not rebate any taxes.

**K. Glenn Heights Housing Finance Corporation**

The Glenn Heights Housing Finance Corporation (GHHFC) was created in 2016 by state law for the purpose of benefiting and accomplishing public purpose of, and on behalf of, the City by financing the cost of residential ownership and development that will provide decent, safe, and sanitary housing for residents of the City at prices they can afford.

The GHHFC is sole owner of Glenn Heights Housing Development Corporation (GHHDC). The GHHDC owns a 1% stake in an apartment complex in Glenn Heights, named Palladium Glenn Heights. As a minority owner of Palladium Glenn Heights, GHHDC receives distributions on a quarterly basis.

**L. Upcoming Accounting Standards**

Significant new accounting standards not yet implemented by the City include the following:

GASB Statement No. 101, *Compensated Absences* – The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. This Statement will become effective for reporting periods beginning after December 15, 2023, and the impact has not yet been determined.

GASB Statement No. 102, *Certain Risk Disclosures* – The objective of this Statement is to provide users of government financial statements with information about risks related to a government’s vulnerabilities due to certain concentrations or constraints that is essential to their analyses for making decisions or assessing accountability. This Statement will become effective for reporting periods beginning after June 15, 2024, and the impact has not yet been determined.

GASB Statement No. 103, *Financial Reporting Model Improvements* – The objective of this Statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government’s accountability. This Statement also addresses certain application issues. This Statement will become effective for reporting periods beginning after June 15, 2025, and the impact has not yet been determined.

GASB Statement No. 104, *Disclosure of Certain Capital Assets* – The objective of this Statement is to provide users of government financial statements with essential information about certain types of capital assets. This Statement requires certain types of capital assets to be presented separately in the note disclosures, including right-to-use assets related to leases, Subscription-Based Information Technology Arrangements, and public-private or public-public partnerships. Other intangible assets are also required to be presented separately by major class. Additional disclosures have also been required for capital assets held for sale. This Statement will become effective for reporting periods beginning after June 15, 2025, and the impact has not yet been determined.

**M. Accounting Changes**

**Change in the financial reporting entity**

The Debt Service fund is reported as a nonmajor fund in fiscal year 2024 because its activity and balances fell below the required thresholds. The Parks Development fund is reported as a major fund in fiscal year 2024 because its activity and balances exceeded the required thresholds

## **CITY OF GLENN HEIGHTS, TEXAS**

### **NOTES TO BUDGETARY SCHEDULE**

SEPTEMBER 30, 2024

#### **BUDGETS AND BUDGETARY ACCOUNTING**

Annual operating budgets are adopted on a modified accrual (GAAP) basis for the General Fund, 911 Wireless Fund, and Debt Service Fund. The legal level of budgetary control is the fund. All annual appropriations lapse at fiscal year-end. Budgetary appropriations for the City's Capital Projects Funds are adopted on an individual project basis and extend through project completion. The Glenn Heights Housing Finance Corporation Fund, Municipal Court Technology Fund, Municipal Court Security Fund, Police Seizure Fund, Park Development Fund, Street Impact Fee Fund, Veterans Memorial Fund, ARPA Fund, and Grants Fund did not have an operating budget prepared for the current fiscal year.

The City follows these procedures in establishing the annual operating budgets reflected in the financial statements:

1. Prior to August 1, the City Manager prepared a proposed annual operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain taxpayer comments.
3. The annual operating budget is legally enacted by the City Council through passage of an ordinance prior to the beginning of the fiscal year to which it applies, which can be amended by the Council.

Encumbrances for goods or purchased services are documented by purchase orders or contracts. At year-end, encumbrances are canceled or re-appropriated as part of the following year budget.

The Development Services and Capital Outlay functions of the General Fund were over budget by \$68,237 and \$53,285, respectively. The overage was covered by budget savings in other functions.

<b>C. Total OPEB liability as a percentage of covered-employee payroll</b>	<b>3.82%</b>	<b>3.50%</b>	<b>3.97%</b>

**Notes to Schedule:**

- No assets are accumulated in a trust for the SDB plan to pay related benefits that meet the criteria in paragraph 4 of GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions.
- This schedule is required to have 10 years of information, but the information prior to 2017 is not available.
- Included in the changes of assumptions was an increase to the discount rate from 1.84% to 4.05%.
- Membership counts for inactive employees currently receiving or entitled to but not yet receiving benefits will differ from GASB 68 as they include only those eligible for a SDBF benefit (i.e. excludes beneficiaries, non-vested terminations due a refund, etc.).
- Due to the SDBF being considered an unfunded OPEB plan under GASB 75, benefit payments are treated as being equal to the employer's yearly contributions for retirees.

**THIS PAGE LEFT BLANK INTENTIONALLY**

## **STATISTICAL SECTION**

**THIS PAGE LEFT BLANK INTENTIONALLY**

## STATISTICAL SECTION

The City of Glenn Heights' statistical section presents detailed information as a context for understanding the information in the financial statements, note disclosures, and required supplementary information, which details the City's overall financial health and well-being.

### **Contents**

#### **Financial Trends**

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changes over time.

#### **Revenue Capacity**

These schedules contain information to help the reader assess the factors affecting the City's ability to generate its electric utility, sales tax, and property tax revenues.

#### **Debt Capacity**

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and its ability to issue additional debt in the future.

#### **Demographic and Economic Information**

These schedules contain economic and demographic information to help the reader understand the environment within which the City's financial activities take place.

#### **Operating Information**

These schedules contain information about the City's operations and resources to help the reader understand how the City's financial information relates to the services the City provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial reports for the relevant year.

## CITY OF GLENN HEIGHTS

## COMPUTATION OF DIRECT AND OVERLAPPING DEBT

SEPTEMBER 30, 2024

<u>Governmental Unit</u>	<u>Debt Outstanding</u>	<u>Estimated Percentage Applicable<sup>1</sup></u>	<u>Estimated Share of Direct and Overlapping Debt</u>
Debt repaid with property taxes			
Dallas Co	\$ 198,645,000	15.06%	\$ 29,915,937
Dallas Co CCD	318,675,000	24.15%	76,960,013
Dallas Co Hosp Dist	527,660,000	39.99%	211,011,234
DeSoto ISD	95,527,238	7.20%	6,877,961
Ellis Co	23,885,000	1.81%	432,319
Red Oak ISD	<u>154,985,000</u>	<u>11.75%</u>	<u>18,210,738</u>
Subtotal - overlapping debt	<u>\$ 1,319,377,238</u>		<u>\$ 343,408,202</u>
City of Glenn Height's direct debt	\$ 10,300,000	<u>100%</u>	<u>\$ 10,300,000</u>
Total direct and overlapping debt			<u>\$ 353,708,202</u>
Total direct and overlapping debt as % of Assessed Value			21.51%
Total direct and overlapping debt per Capita			\$ 18,109

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Glenn Heights. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

Source: Texas Bond Review Board Data Center

<sup>1</sup>The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the governmental unit's taxable assessed value that is within the government's boundaries and dividing it by the governmental unit's total taxable assessed value.

Annual debt requirement applicable to limit:

General obligation refunding bonds  
 Certificates of obligation  
 Less amounts restricted for debt service

Economic debt margin

All taxable property within the City is subject to the assessment, levy, and collection by the City of a continuing, direct annual ad valorem tax sufficient to provide for the payment of principal and interest on all ad valorem tax within the limits prescribed by law. Article XI, Section 5, of the Texas Constitution is applicable to the City, and provides for a maximum ad valorem tax rate of \$2.50 per \$100 taxable assessed valuation. Administratively, the Attorney General of the State of Texas will permit allocation of \$1.50 of the \$2.50 maximum tax rate for all general obligation debt service, as calculated at the time of issuance.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Mayor and Members  
of the City Council and Citizens  
City of Glenn Heights, Texas

We have audited in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Glenn Heights, Texas (the "City") as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated October 1, 2025.

***Report on Internal Control Over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we identified certain deficiencies in internal control, described in the accompanying Schedule of Findings and Questioned Costs as items 2024-001 that we consider to be a material weakness.

***Report on Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**OFFICE LOCATIONS**

**TEXAS** | Waco | Temple | Hillsboro | Houston  
**NEW MEXICO** | Albuquerque

## **City of Glenn Heights, Texas' Response to Findings**

Government Auditing Standards requires the auditor to perform limited procedures on the City's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

### ***Purpose of this Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

*Pattillo, Brown & Hill, L.L.P.*

Waco, Texas  
October 1, 2025

---

**INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM  
AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH  
THE UNIFORM GUIDANCE**

Honorable Mayor and Members  
Of the City Council and Citizens  
City of Glenn Heights, Texas

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited the City of Glenn Heights, Texas’ (the “City”) compliance with the types of compliance requirements identified as subject to audit in the (OMB) *Compliance Supplement* that could have a direct and material effect on each of the City’s major federal programs for the year ended September 30, 2024. The City’s major federal programs are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2024.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor’s Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the City’s compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the City’s federal programs.

---

**OFFICE LOCATIONS**

**TEXAS** | Waco | Temple | Hillsboro | Houston  
**NEW MEXICO** | Albuquerque

## **Auditor's Responsibilities for the Audit of Compliance**

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control Over Compliance**

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon, dated October 1, 2025, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements and certain additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

*Pattillo, Brown & Hill, L.L.P.*

The accompanying notes are an integral part of this schedule.

**CITY OF GLENN HEIGHTS, TEXAS**

**NOTES TO SCHEDULE OF EXPENDITURES OF  
FEDERAL AWARDS**

**FOR THE YEAR ENDED SEPTEMBER 30, 2024**

**BASIS OF ACCOUNTING**

The Schedule of Expenditures of Federal Awards is presented using the modified accrual basis of accounting. The modified accrual basis of accounting is described in Note I of the basic financial statements. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some of the amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

**BASIS OF PRESENTATION**

The Schedule of Expenditures of Federal Awards presents the activity of all applicable federal awards programs of the City. The City's reporting entity is defined in Note I of the basic financial statements. Federal awards received directly from federal agencies, as well as awards passed through other government agencies, are included on the Schedule of Expenditures of Federal Awards.

**INDIRECT COSTS**

The City has elected not to use the de minimis indirect cost rate as allowed in the Uniform Guidance.

**PASS-THROUGH EXPENDITURES**

None of the federal programs expended by the City were passed through to subrecipients.

**CITY OF GLENN HEIGHTS, TEXAS**

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS**

**FOR THE YEAR ENDED SEPTEMBER 30, 2024**

**Summary of Auditor's Results**

Financial Statements:

Type of auditor's report issued	Unmodified
Internal control over financial reporting: Material weakness(es) identified?	Yes
Significant deficiency(ies) identified?	None reported
Noncompliance material to financial statements noted?	None

Federal Awards:

Internal control over major programs: Material weakness(es) identified?	None
Significant deficiency(ies) identified?	None reported
Type of auditor's report issued on compliance for major programs	Unmodified

Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a) of Uniform Guidance? None

Identification of major programs:

Assistance Listing Number: 21.027	Name of Federal Program: American Rescue Plan Act
Dollar threshold used to distinguish between type A and type B programs for federal single audit:	\$750,000
Auditee qualified as low-risk auditee for federal single audit?	No

**Findings Relating to the Financial Statements Which are Required to be Reported in Accordance With Generally Accepted Government Auditing Standards**

2024-001

**Findings and Questioned Costs for Federal Awards**

None noted

**CITY OF GLENN HEIGHTS, TEXAS**

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

FOR THE YEAR ENDED SEPTEMBER 30, 2024

**Finding 2024-001 - Material Weakness**

**Criteria**

Management is responsible for establishing and maintaining an effective system of internal control over financial reporting. This system ensures the accuracy, completeness, reliability, and timeliness of financial reporting. In addition, according to 2 CFR 200.512(b), an auditee must submit the Data Collection Form and reporting package to the Federal Audit Clearinghouse within nine months of yearend or 30 days after the issuance of the audit report, whichever is earlier.

**Condition**

Some of the information needed to complete the audit was not available in a timely manner due to a difficult Enterprise Resource Planning (ERP) software conversion. The City missed the Data Collection Form submission deadline.

**Effect**

The financial statements were issued more than one year after fiscal year end.

**Recommendation**

We recommend that the City strengthen its internal controls related to financial reporting to ensure necessary documentation is available in a timely manner.

**Management's Response**

The City agrees with the recommendation. We will implement a formal process for tracking and ensuring timely preparation of yearend adjustments and documents needed to complete the audit.

**CITY OF GLENN HEIGHTS, TEXAS**

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

FOR THE YEAR ENDED SEPTEMBER 30, 2024

None

To the Honorable Mayor and Members  
of the City Council and Citizens  
City of Glenn Heights, Texas

We have audited the financial statements of the City of Glenn Heights, Texas (the "City"), as of and for the year ended September 30, 2024, and have issued our report thereon dated October 1, 2025. Professional standards require that we advise you of the following matters relating to our audit.

### **Our Responsibility in Relation to the Financial Statement Audit**

As communicated in our engagement letter dated December 11, 2024, our responsibility, as described by professional standards, is to form and express opinions about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the City solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

We have provided our findings regarding material weaknesses in internal control over financial reporting noted during our audit in separate letters dated October 1, 2025.

### **Planned Scope and Timing of the Audit**

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

### **Compliance with All Ethics Requirements Regarding Independence**

The engagement team, others in our firm, and, as appropriate, our firm have complied with all relevant ethical requirements regarding independence.

As a part of the engagement, we assisted in preparing the financial statements, schedule of expenditures of federal awards, and related notes in conformity with U.S. generally accepted accounting principles and related notes in accordance with the Uniform Guidance based on information provided by you. These nonaudit services do not constitute an audit under *Government Auditing Standards* and such services were not conducted in accordance with *Government Auditing Standards*.

In order to reduce threats to our independence caused by these nonattest services to an acceptable level, we applied certain safeguards. These safeguards include a concurring review, which is a review of the financial statements and key audit areas which is performed by an individual who has adequate experience in audits of local governments, but who was not involved in this audit engagement. The concurring reviewer serves as an evaluator of the performance of the engagement team and the nonattest services provided.

In addition, management assumed responsibility for the financial statements, schedule of expenditures of federal awards, and related notes to the financial statements and any other nonaudit services we provided. Management acknowledged, in the management representation letter, our assistance with the preparation of the financial statements and related notes and that these items were reviewed and approved prior to their issuance and accepted responsibility for them. Further, the nonaudit services were overseen by an individual within management that has the suitable skill, knowledge, or experience; evaluated the adequacy and results of the services; and accepted responsibility for them.

**Significant Risks Considered**

We have considered the following significant risks during our audit process, which required special audit consideration. None of the specific risks below have resulted in a significant matter, finding, or issue.

<u>Significant Risk Considered</u>	<u>Reasoning for Special Audit Consideration</u>
Management override of controls	The risk that members of management could circumvent well-designed and effective internal controls.
New finance software	The City’s implementation of a new Enterprise Resource Planning (ERP) system midyear increased the risk of errors in transactions and opening balances.

**Qualitative Aspects of the City’s Significant Accounting Practices**

*Significant Accounting Policies*

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the City is included in Note I to the financial statements. As described in the notes to the financial statements, during the year, the County changed its method of accounting for accounting changes by adopting Governmental Accounting Standards Board (GASB) Statement No. 100, Accounting Changes and Error Corrections-an amendment of GASB Statement No. 62. The adoption of this standard did not result in a restatement of beginning balances, but new note disclosures were required. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

*Significant Accounting Estimates*

Accounting estimates are an integral part of the financial statements prepared by management and are based on management’s current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management’s current judgments. The most sensitive accounting estimates affecting the financial statements are:

- Management’s estimate of the useful lives of capital assets is based on the expected lifespan of the asset in accordance with standard guidelines. We evaluated the key factors and assumptions used to develop the estimate of useful lives in determining that it is reasonable in relation to the financial statements taken as a whole and in relation to the applicable opinion units.
- Management’s estimate of the allowance for uncollectible property taxes is based on historical collections. We evaluated the key factors and assumptions used to develop the allowance for uncollectible property taxes in determining that it is reasonable in relation to the financial statements taken as a whole and in relation to the applicable opinion units.

- Management’s estimate of the allowance for uncollectible court fines is based on historical collections. We evaluated the key factors and assumptions used to develop the allowance for uncollectible court fines in determining that it is reasonable in relation to the financial statements taken as a whole and in relation to the applicable opinion units.
- Management’s estimate of the allowance for uncollectible EMS receivable is based on historical collections. We evaluated the key factors and assumptions used to develop the allowance for EMS revenues in determining that it is reasonable in relation to the financial statements taken as a whole and in relation to the applicable opinion units.
- Management’s estimate of the net pension asset, pension expense, total OPEB liabilities, and OPEB expense are based on actuarial assumptions, which are determined by the demographics of the plan and future projections that the actuary makes based on historical information of the plan and the investment market. We evaluated the key factors and assumptions used to develop these estimates and determined that they are reasonable in relation to the basic financial statements taken as a whole and in relation to the applicable opinion units.

### *Financial Statement Disclosures*

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the City’s financial statements relate to the City’s net pension asset and total OPEB liability. The disclosures in the financial statements are neutral, consistent, and clear.

### **Significant Difficulties Encountered during the Audit**

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

### **Uncorrected and Corrected Misstatements**

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole and each applicable opinion unit. Management has corrected all identified misstatements.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. None of the misstatements identified by us as a result of our audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole or applicable opinion units.

### **Disagreements with Management**

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the City’s financial statements or the auditor’s report. No such disagreements arose during the course of the audit.

### **Circumstances that Affect the Form and Content of the Auditor’s Report**

For purposes of this letter, professional standards require that we communicate any circumstances that affect the form and content of our auditor’s report. No such circumstances exist.

### **Representations Requested from Management**

We have requested certain written representations from management, which are included in the management representation letter dated October 1, 2025.

## **Management’s Consultations with Other Accountants**

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

## **Other Significant Matters, Findings, or Issues**

In the normal course of our professional association with the City, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, operating and regulatory conditions affecting the City, and operational plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the City’s auditors.

## **Other Information Included in the Annual Comprehensive Financial Report**

Pursuant to professional standards, our responsibility as auditors for other information, whether financial or nonfinancial, included in the City’s Annual Comprehensive Financial Report, does not extend beyond the information identified in the audit report, and we are not required to perform any procedures to corroborate such other information. However, in accordance with such standards, we have read the other information and considered whether a material inconsistency exists between the other information and the financial statements, or if the other information otherwise appears to be materially misstated.

Our responsibility also includes communicating to you any information that we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

## **New Accounting Standards**

Significant new accounting standards issued by the Governmental Accounting Standards Board (GASB) not yet implemented by the City include the following:

GASB Statement No. 101, *Compensated Absences* - The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. This Statement will become effective for reporting periods beginning after December 15, 2023, and the impact has not yet been determined.

GASB Statement No. 102, *Certain Risk Disclosures* – The objective of this Statement is to provide users of government financial statements with information about risks related to a government’s vulnerabilities due to certain concentrations or constraints that is essential to their analyses for making decisions or assessing accountability. This Statement will become effective for reporting periods beginning after June 15, 2024, and the impact has not yet been determined.

GASB Statement No. 103, *Financial Reporting Model Improvements* – The objective of this Statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government’s accountability. This Statement also addresses certain application issues. This Statement will become effective for reporting periods beginning after June 15, 2025, and the impact has not yet been determined.

GASB Statement No. 104, *Disclosure of Certain Capital Assets* – The objective of this Statement is to provide users of government financial statements with essential information about certain types of capital assets. This Statement requires certain types of capital assets to be presented separately in the note disclosures, including right-to-use assets related to leases, Subscription- Based Information Technology Arrangements, and public-private or public-public partnerships. Other intangible assets are also required to be presented separately by major class. Additional disclosures have also been required for capital assets held for sale. This Statement will become effective for reporting periods beginning after June 15, 2025, and the impact has not yet been determined.

**Restriction on Use**

This report is intended solely for the information and use of the City Council and management of the City and is not intended to be and should not be used by anyone other than these specified parties.
